Management Team

Mr. Salim Javed or Javed as he is known among his friends and colleagues, founded S Javed & Company in the year 2019. Javed is a veteran of the industry, having qualified as a Chartered Accountant from the Institute of Chartered Accountants of Bangladesh in the year 2013 and as an Enterprise Risk Management Certified Professional (ERMCP) from The Enterprise Risk Management Academy of Singapore in the year 2018. His experience is very diverse, as he has worked with accounting, budgets, internal audit, risk management and regulatory compliance practices in organizations like BRAC, in Bangladesh and several other countries in East and West Africa.

Today S Javed & Company has grown in size and reach having office in Dhaka with an upcoming office presence that is being planned in Chittagong. Over the year, Javed has played an instrumental role in helping several mid sized businesses in Dhaka to grow their businesses, mitigate risks and raise finances. He serves as an advisor to several family owned businesses and serves as an expert member on several selection boards of recruitment of personnel in finance and related areas. Javed is ably supported by a very qualified and dynamic team of accountants and consultants under his leadership.

Outsourced CFO Services

While most small and mid sized businesses in Bangladesh recognize the value of high-caliber finance professional in-house, there are few that can afford such a resource. With our CFO services you can get both options: skill sets of an experienced CFO, and custom- tailored CFO services – at a fraction of the price. S Javed provides financial professionals with extensive experience in the CFO environment who are results-driven business partners. Value creation is a primary goal of these part-time CFO's who provide financial oversight, funding assistance, and management direction. Our CFO's have a solid background in mergers and acquisitions, bank and lender management, and financial guidance at all levels.

Internal Audit & Risk Advisory

At S Javed, our approach is to deliver an internal audit that is risk-based, industry specific, and customized to your company's operational size and structure. We focus on first understanding the business and risks involved, and concentrate our efforts to where they matter the most. Our risk advisory consultants have multi industry exposure and specialized skill sets. They focus on creating sound internal controls, while remaining committed to achieving tangible results and continuous improvements.

S Javed advisory services team specializes in conducting feasibility studies through primary market research, both qualitative and quantitative. Our team uses various tools ranging from surveys, focus groups, questionnaires, interviews etc. to undertake elaborate market studies. We can help you find and guide your most important strategic business decisions and collate, analyze and infer findings

Financial & Commercial Due Diligence Process

We undertake independent buy-side due diligence both on the financial front, as well as commercial/market front. Our pre-deal evaluations cover an initial assessment of the financial/market position of potential acquisition /merger targets. With respect to financial due diligence, we use our financial analysis skills to assess key issues facing the target business by analyzing the drivers of its historic and projected profits and cash flows. Our commercial due diligence studies incorporate elements like the target company's market potential, growth and revenue potential, competitive landscape and positioning and other strategic factors. Our independent and focused approach typically challenges organizations to identify upside potential and mitigate risks.
